MAU200: Hazardous Materials First Responder Operations
Event ID Number: U200-003

Location:

Winslow Fire Department
 215 North Taylor
 Winslow, AZ 86047

Date(s):

March 29 – 31, 2019
 8:00am - 5:00pm each day

Description: First responders at the operations level are individuals who respond to releases or potential releases of hazardous substances as part of the initial response to the site for the purpose of protecting nearby persons, property or the environment from the effects of the release. They are trained to respond in a defensive fashion without actually trying to stop the release. Their function is to contain the release from a safe distance, keep it from spreading and prevent exposures. This course is presented in compliance with 29CFR Chapter XVII 1910.120(q)(6)(ii) and the Arizona Administrative Code Title 8, Chapter 2, Article 6.

Topics:

- Laws and Regulations
- Hazardous Materials Characteristics
- Hazardous Materials Locations
- Predicting Hazards
- Hazardous Materials Response Case Study
- Response Process
- Chemical and Physical Properties
- Health and Safety Threats

Target Audience: Emergency responders: police, fire, and emergency medical services personnel, including those who are most likely to assume command at some point during a response to a complex coordinated attack.
